

Tri-Borough Music Hub — Groove'n'Play WCIL (example course notes)

CCDesigner prototype overview — original outlines for demo planning only. Not a paid publisher pack. Logos and product names do not imply endorsement.

Purpose

CCDesigner prototype course notes for the TBMH Groove'n'Play mock product page. Inspired by public Tri-Borough Music Hub school services listings. Not official Groove'n'Play / TBMH tutor packs.

Programme snapshot (public listing)

Every school can access a FREE whole-class annual online licence for ONE Groove'n'Play programme for school delivery, plus free CPD for one teacher (worth £85).

Licence unlocks groove@school digital resources: animated delivery content, teachers' e-book, session plans, planning and progression docs linked to the National Curriculum and National Plan for Music.

Learning outcomes (prototype)

Pupils play and sing together in a whole-class instrumental groove, keeping a steady pulse, starting/stopping as an ensemble, and reflecting on teamwork.

Success criteria

- Keep a steady pulse with the class
- Start and stop together
- Change dynamics when directed
- Listen to other parts while playing

Suggested lesson shape (~60 min)

1. Pulse warm-up & class band rules (10)
2. Learn the groove pattern (20) — call-and-response chunks
3. Layer parts & dynamics (20)
4. Class performance & reflect (10) — exit ticket; signpost FREE GnP licence

Differentiation

Support: larger note values, colour-coded parts, partner players.

Challenge: 2-bar fills; lead a call.

SEND: adaptive instruments; visual pulse cards; listening pathway.

How to demo in CCDesigner
