

iCompose — How to Compose a Fanfare (overview)

CCDesigner prototype overview — original outlines for demo planning only. Not a paid publisher pack. Logos and product names do not imply endorsement.

Key stage & curriculum

KS3 (11–14) and GCSE (14–16). Inspired by iCompose paid course “How to Compose a Fanfare” (£15 · ~2.5 hours · 22 lessons).

Prototype overview for Partner Hub demos — not a substitute for the paid course.

Course themes (public listing)

- Origins and characteristic features of fanfares (instruments, dynamics, melody, rhythm)
- Compose and develop a melodic theme; tonic/dominant triad accompaniment
- Percussion and brass writing; metre/key change; contrasting section
- Dynamics, tempo, articulation; score and recording

Example lesson deep-dive — Fanfare melody (rhythm then pitch)

Starter (8): Listen for rhythmic snap and open intervals in a short fanfare extract (teacher-chosen public example).

Develop (25): Compose a 4–8 bar fanfare rhythm; add pitch using leaps and repeated notes typical of ceremonial styles.

Apply (15): Harmonise with tonic/dominant triads; add a simple percussion punctuation.

Plenary (12): Checklist — impact in a few bars, clear pulse, balanced recording/export.

Stretch (from course arc)

Extend with introduction, modulation, or contrasting section once the core fanfare idea is secure.
