

OCR — Film/Computer cue brief

CCDesigner prototype overview — original outlines for demo planning only. Not a paid publisher pack. Logos and product names do not imply endorsement.

Brief

Compose a 45–60 second cue for a three-part storyboard: establish, conflict, resolve. Include one leitmotif and at least one clear hit point.

Success criteria

- Structure matches picture
- Motif transforms for mood change
- DAW/notation export is dated and balanced
- Appraisal uses OCR-style subject terminology
