

Essex Music Service — Rap-It! Workshop (example course notes)

CCDesigner prototype overview — original outlines for demo planning only. Not a paid publisher pack. Logos and product names do not imply endorsement.

Purpose

CCDesigner prototype course notes for the EMS Rap-It! Workshop mock product page. Inspired by the public Curriculum Enhancement workshops listing. Not official EMS tutor packs.

Workshop snapshot (public listing)

Rap-It! introduces students to rap, hip-hop, grime and spoken word.

Builds confidence; links music with other curricula — especially English and literacy.

Suitable for KS2–KS4. Public price: £250 per day.

Learning outcomes (prototype)

Pupils create and perform a short original verse in a rap / spoken-word style, linking rhythm, rhyme and clear delivery, with growing confidence.

Success criteria

- Lyrics fit the beat
- Rhyme or strong word choice used on purpose
- Clear words and respectful listening
- Everyone contributes ideas

Suggested day shape (showcase lesson)

1. Pulse, rhyme and respect (15) — community rules; pulse games; model excerpt.
2. Lyric lab (25) — theme bank; draft 4–8 bars; peer clarity edit.
3. Flow rehearsal (20) — fit to loop; mark breaths; optional call-and-response.
4. Cipher share (15) — perform; literacy + music feedback; exit ticket.

Literacy links

Word choice, rhyme, imagery, oracy, audience awareness — ideal cross-curricular evidence for English and music.

Differentiation

Support: rhyme banks, sentence starters, 2-bar challenge, teacher scribe.

Challenge: hook + verse; figurative language; two-voice structure.

EAL: mother-tongue brainstorm then English performance lines.

Vocabulary

Rap · hip-hop · grime · spoken word · bar · rhyme · flow · pulse · cipher · verse · hook
